

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;
Two roads diverged in a wood, and I—
I took the one less traveled by,
And that has made all the difference.

Nestled between the ridge tops of the Great Smokey Mountains, beside the trickling waters of Long Creek lies a place where you can own a little piece of heaven: Long Creek Preserve.

This gated community is located just minutes from Bryson City in Western North Carolina, and offers private land parcels with breathtaking creek and mountain views, and awe-inspiring elevations of 3,200 to 4,300 feet. Cascading waterfalls and fanciful creek ponds are just a few distinctive features of Long Creek Preserve.

Since the dawn of Long Creek Preserve, the owner/developer, who lives here year round with his family, has sought to ensure privacy and preserve the natural elegance of the mountains where lush branches, lavish springs and magnificent views are abounding.

Wide subdivision roads, southern exposure, underground utilities, deed restrictions, and a family atmosphere are just a few distinguishing aspects that make Long Creek Preserve the top established property in the area.

Long Creek Preserve is the ideal location for your vacation mountain retreat, or year round dream home. We invite you to visit us, and see what everyone is talking about. Don't miss your opportunity to experience the unsurpassable allure-ment of Long Creek Preserve, where you can own a little piece of heaven!
